All day yesterday men from the fire department worked on the municipal rink near West Second street and throughout the night another crew was engaged in flooding the plane which the city employees cleared of snow during the day. Some difficulties have been encountered this year in securing a satisfactory foundation for the rink, which is being promoted by the Woman's club, but the rink builders believe that solid ice will be possible now, although the break in the cold snap indicated by the weather man's forecast may mean that youngsters in that end of the city will not have an opportunity to skate for a few days. The Pearl street rink is in fine condition and during the holiday season the ice has been thinned by a merry crowd of pastimes.

Stated convocation of St. Aldemar commandery, No. 11, K. T., Thursday, Dec. 28, at 7 o'clock. Work, temple degree.

TALK OF THE TOWN

Mrs. J. Frank Perry and children went to Waterbury this morning for a visit a few days.
Henry Alexander of Branch street, the young son of Henry Alexander, president of the granite cutters' branch in Barre, had a narrow escape at the Presbrey-Coykendall plant this morning when his frock caught in a shafting near the grindstone. Alexander is employed as a tool boy at the plant and was about to use the grindstone when the shaft caught him up and turned a half circle before the brake was applied. Foreman Thomas McDonald happened to be at the lad's side and it was probably due to his presence of mind in stopping the machine that the boy escaped with inconsequential injuries. Dr. J. A. Wark was called and afterward Alexander went to his home. He sustained contusions about the chest, but the fear a rib fracture had resulted was dispelled when the physician examined him carefully. The accident occurred around 8 o'clock.
